'THE LOG'

LOGISTICS OPERATIONAL GUIDE

LOGISTICS
CLUSTER

The LOG

- ▣ A result of a true joint effort: created by and for humanitarian organisations, facilitated by the Global Logistics Cluster Support Cell & WFP
- ▣ Single source for best practices
 - Information on Humanitarian Logistics Supply Chain
 - Logistics tools/templates
 - Standard definitions
- ▣ Developed for offline/online use
 - Downloadable and easy to update
 - Mobile and flexible use
 - Technically friendly for field users

An inter-agency effort

- ▣ Source material/manuals from 28 humanitarian, academic, private organisations
- ▣ Involvement of over 40 representatives from 14 organisations
 - Continuous process of consultation, discussion and feedback
 - One on one discussions and workshops
 - Use best practices and experiences from experts
 - Review, validate, advise and develop content
 - Testing prototype on technical feature & user friendliness
- ▣ The LOG – is and will remain a joint platform for information.

LOGISTICS
CLUSTER

Dynamic tool

- ▣ First inception; based on feedback, new insights, evolving best practices and developments the platform will be continuously updated.
- ▣ Content based on manuals from over 28 organisations; information flow might at places require tweaking and fine-tuning.
- ▣ Users invited to support further development of the LOG and share suggestions and feedback via:
global.logisticscluster@wfp.org

LOGISTICS
CLUSTER

Aim and target audience

Contribute to...

- ▣ Improving capacity of organisations to cooperate in logistics
- ▣ A more seamless supply chain
- ▣ Reaching beneficiaries faster and more efficiently
- ▣ Building capacity of humanitarian actors

For:

- ▣ All humanitarian 'loggies'
 - Regardless of size and specialisation of the organisation
 - Working in emergency/ongoing operations

Content

- ▣ Cross-cutting information
- ▣ Standardised definitions
- ▣ Guidelines
- ▣ Operational tools (such as fleet management tool)
- ▣ Templates

Areas

- ▣ Preparedness – Response – Exit
- ▣ Supply chains – food, non-food, cold chain
- ▣ Operational Environment

How do I get the LOG?

- ▣ Go to www.logcluster.org/tools/log
- ▣ Download onto USB-stick/computer/external hard disk
- ▣ Follow download instructions
- ▣ Offline version to be searched and browsed like online version.
- ▣ LOG designed for full mobility, allowing to carry the tool for quick reference or accessing templates!
- ▣ Update when online – LOG only updates new content
- ▣ Share feedback & input for further optimising LOG via: global.logisticscluster@wfp.org!
