

Consultation Meeting Reports

In response to World Health Assembly resolution WHA55.23, the WHO Noncommunicable Diseases and Mental Health Cluster (NMH) has embarked on a consultation process with stakeholders to develop input to the Global Strategy on Diet, Physical Activity and Health. This process included meetings with Member States, with UN agencies and other intergovernmental organizations, with civil society and with the private sector. This consultation process will provide the content basis for the Strategy, which is currently being drafted.

The following links provide access to Meeting Reports on the various consultations that have taken place.
