

World Malaria Report 2010

Form for countries in pre- elimination and elimination phases

Please complete this form before June 30th 2010 and return to:

Please note, empty cells will be treated as missing data. Please use 0 for zero.

1. Contact Information		Fill in details below:		
Country:				
Name of programme:				
Name of person completing the form:				
Function:				
E-mail:				
Phone:				
Fax:				
2. Population at Risk		Population		
	Number of active foci			
	Number people at living within active foci			
	Number of people living in malaria-free areas			
	Total population			0
3. Vectors				
Main malaria vectors in order of importance	1. Please select	3. Please select		
	2. Please select	4. Please select		
4. Reported Cases and Deaths		2007	2008	2009
Cases <i>(All ages, both passive & active case detection)</i>	Slides examined			
	Positive			
	<i>P.falciparum</i>			
	<i>P.vivax</i>			
	Other species			
	Mixed			
Active Case Detection	Examined			
	Positive			
Case Investigation	Indigenous cases			
	Introduced cases			
	Imported cases			
	Not classified/ other			
Deaths	Indigenous			
	Not classified/ other			
	Remarks			

5. Completeness of Reporting in 2009

Type of facility included in outpatient reports 2009:		Hospital	Health centre/ polyclinic	Health post/ clinic
<i>Click boxes that apply</i>				
Government		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Mission		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Private		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (specify)	<input type="text"/>			
<i>Please estimate reporting completeness for 2009:</i>		Monthly	Quarterly	Annually
Frequency of outpatient reporting:		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Total number of health facilities expected to report (b)		<input type="text"/>		
Total number of reports actually received in 2009 (c)		<input type="text"/>		

6. Policies Implemented Nationally		Currently implemented?	Year started	Remarks
ITN	ITNs/LLINs are distributed given to all age groups	<input type="checkbox"/>		.
	ITNs/LLINs are distributed free	<input type="checkbox"/>		.
	ITNs/ LLINs are sold at subsidized prices	<input type="checkbox"/>		.
IRS	IRS is the primary vector control intervention	<input type="checkbox"/>		.
	DDT is used for IRS	<input type="checkbox"/>		.
	Insecticide-resistance monitoring is undertaken	<input type="checkbox"/>		.
Diagnosis & Treatment	Malaria diagnosis is free of charge in the public sector	<input type="checkbox"/>		.
	Malaria treatment is permitted in the private sector	<input type="checkbox"/>		.
	Malaria treatment is free of charge in the private sector	<input type="checkbox"/>		.
	Radical treatment of <i>P.vivax</i> cases	<input type="checkbox"/>		.
Surveillance	Foci and case investigation undertaken	<input type="checkbox"/>		.
	Case reporting from private sector is mandatory	<input type="checkbox"/>		.

7. Interventions		2007	2008	2009	
ITNs	Number of LLINs distributed				
	Remarks				
IRS	No. people targeted for IRS				
	No. people protected with IRS				
	Remarks				
Treatment	No. ACT treatment courses distributed				
	No. other 1st line treatment courses distributed				
	Remarks				
8. Malaria Financing by Year (USD)		2007	2008	2009	
Government contribution	Total government budget				
	Health budget				
	Malaria Budget				
	Malaria Expenditure				
External contributions	GFATM				
	WHO				
	Others (bilaterals, NGOs, foundations, etc.)				
9. Expenditure Breakdown 2009 (USD)		Govt	GFATM	WHO	Other
	Human Resources & Technical Assistance				
	Training
