

## GOHNET Web-Newsletter - Contributors' Information

Please carefully read the following instructions.

### General

- GOHNET is a vehicle for global information distribution and communication for all who are involved, active and interested in occupational health.
- Contributions from developing countries are especially encouraged.
- Short articles of approximately 400 words (excluding author information and references).
- Contributors are requested to provide full names, titles, Programmes or Departments, Institute names, and e-mail addresses.
- The Editor reserves the right to edit manuscripts.
- We reserve the right to choose which contribution will be published.

### What do we publish in GOHNET?

- Updates on the [Global Plan of Action on Workers' Health](#), 2008-2017 (GPA) and activities illustrating action on specific objectives in the GPA.
- News items/hot topics
- Brief reports on conferences or workshops of interest to a wider audience
- Good practice examples and case studies
- Global, national, or sector-specific approaches
- Examples of practical approaches and announcements and descriptions of new practical tools for the assessment and management of occupational risks
- Contributions written in a clear and non-technical language (engaging and accessible for the non-specialist)
- Relevant high- quality images of graphs, tables or high-quality digital photos

**We do not accept** scientific articles or sexist, racist and other discriminatory or devaluing language

### Reference style to be followed (if required)

1. Herbert R, Gerr F, Dropkin J. Clinical Evaluation and Management of Work-Related Carpal Tunnel Syndrome. *Am J Ind Med* 2000 37:62.
2. Pelmeur PL. Hand-Arm Vibration Syndrome. An Overview. In: Hand Arm Vibration Syndrome. HHSC Handbook No. 24. 1999. P 2.

### How do I submit my work?

Send your article as an attachment to [ochmail@who.int](mailto:ochmail@who.int). The subject line should indicate 'GOHNET contribution'.
