

INTERNATIONAL EMF PROJECT

Workshop on Electrical Hypersensitivity

Location: Prague, Czech Republic

Monday 25 October & Tuesday 26 October 2004

DRAFT AGENDA

Monday 25 October

MORNING SESSION

CHAIR: Professor L Pekárek

08.30 Opening of Meeting

Minister of Health of the Czech Republic
Scope and Objectives

Dr Repacholi

09.00 Tutorial

- Characterizing EHS
- Idiopathic Environmental Intolerance (IEI): a causation analysis

Prof B Stenberg
Dr H Staudenmayer

10.00 Coffee Break (*Poster display in coffee area*)

10.30 EHS and the electromagnetic environment

- Prevalence of EHS in Populations of Different Countries
- Electromagnetic environment in EHS homes and workplaces

Dr P Levallois
Prof K Hansson-Mild

11.30 Physiological Studies

- EMF Hypersensitivity and tissues generating electric current – biological reality
- Sensor reactivity and autonomic regulation in persons with perceived electrical hypersensitivity

Dr J Bures
Prof E Lyskov

12.30 Lunch

AFTERNOON SESSION

CHAIR: Dr M Sandström

14.00 Physiological Studies (cont'd)

- Electrohypersensitivity: Observations in the Human Skin of a Physical Impairment
- Short contributions from the floor

Prof O Johansson

15.00 Coffee Break (*Poster display in coffee area*)

15.30 Provocation and Epidemiological Studies

- A review of EHS provocation and epidemiological studies
- Provocation study on subjects with self reported EHS: The NEMESIS Project
- Provocation studies in electromagnetically hypersensitive persons

Prof A Ahlbom
Dr C Müller
Dr E David

17.00 Panel Discussion

Moderator: Dr E van Rongen

18.00 Close of meeting

19:00 A Gala buffet dinner is organized at Hotel Diplomat in Saloon Belvedere

Please note that there is a charge of 50 euros per person for the buffet, which is to be paid to Hotel Diplomat

Tuesday 26 October

MORNING SESSION

CHAIR: Dr M Hietanen

8.30 Upcoming Research

- Planned studies on EHS in the UK
- Ongoing and planned EHS research

*Prof L Challis
Prof N Leitgeb*

9.30 Clinical Studies / Treatment

- A Physician's Approach to EMF Sensitive Patients

Dr B Hocking

10.00 Coffee Break (*Poster display in coffee area*)

10.30 Clinical Studies / Treatment (cont'd)

- RF/ELF Human Studies in the UK
- Cognitive therapy for patients who report electromagnetic hypersensitivity
- Discussion

*Dr R Cox
Dr L Hillert*

12.00 Lunch

AFTERNOON SESSION

CHAIR: Dr E van Rongen

13.30 Discussion (short contributions from the floor)

14.30 Policy Options

- Review of current governmental responses
- Possible policy options

*Dr E van Deventer
Dr J Meara*

15.30 Coffee Break (*Poster display in coffee area*)

16.00 Panel session: Conclusions and recommendations

Moderator: Dr M Repacholi

17.00 Close of meeting
