

# SRHR

## 1. **ODA analysis** (*technical, institutional, and political factors affecting ODA flows*)

Part of broader PMNCH work on financial accountability (including discussions with WHO on domestic financing) and identify what the community can do collectively -> to keep the focus on SRMNCAH financing

## 2. **UHC & SRHR**

partner engagement in developing the brief and participate in consultations in essential interventions

## 3. **Guttmacher Lancet recommendations for SRHR**

collectively agree to SRHR definitions

# Empowerment

## **1. Evidence mapping**

Strengthen access to SBCE evidence-> fed into investment case

## **2. Investment case for SCBE (scoping)**

Defining essential interventions & linking to SRMNCAH package

## **3. Integrating human rights**

Engagement with more stakeholders (i.e. legal, HCPAs, parliamentarians -> country level)  
(crosscutting issue for all themes)

# Adolescents

## 1. **Advocacy Toolkit**

Scaling up beyond 5 countries & strengthening EWEC one-stop shop including the Advocacy Knowledge hub for sharing learnings, best practices (i.e. 'Team Women')

## 2. **Seed grants for youth-led accountability in countries**

i.e. citizen's hearings, engagement with parliamentarians

## 3. **Mentorship Programme & pilot**

Learning how capacity building & cross-constituency collaboration work for roll-out in year 2, ie. scaling up

## 4. **Multi-stakeholder Platform**

Strengthening youth engagement; strengthening platform for QED, accountability, adolescent health

## 5. **Meaningful engagement of adolescents**

Developing partner brief for capacity building for other constituencies  
Reassessing added value of IAP high level commission on adolescents
