**General Instructions:**

This is the fourth round of the maternal newborn and adolescent health survey undertaken by the World Health Organization. The previous MNCAH policy survey rounds were conducted in 2009-10, 2011-12, 2013-14. The respondent can view the response sent from the respective country, for questions that have been repeated. Please answer each question by selecting the appropriate answer from the pull-down menus. While answering the questions, you will notice that the red bars next to the questions will progressively turn green.

There are 6 Excel worksheets in this questionnaire. Complete each section, asking the information to the appropriate persons whenever needed. New policy questions added in 2016 survey based on recent developments at global level are shown in red font. When all questions have been answered, please provide the name and address of the person who coordinated the filling of this questionnaire on the "Identification & Validation" sheet.

In case of problem, do not hesitate to contact Matthews Mathai (mathaim@who.int), Cynthia Boschi-Pinto (pintoc@who.int) or Dilip Thandassery (thandasseryd@who.int)

Thank you for your collaboration.

If yes,

S10a Is it part of another document?
1-No, is not part of another document
2-Maternal and child health
3-Maternal and newborn health
4-Newborn and child health
5-Maternal, newborn and child health
6-Reproductive health
7-Part of another document

S10b What is the start date?
Year

S10c What is the end date?
Year

S11 Has the national strategy to reduce child mortality been costed?

Adolescent Health

S12 Has the country a national strategy/plan of actions that specifically addresses adolescent health issues?
If yes,

S12a Start date:
Year

S12b End date:
Year

S13 Has the national strategy/plan of actions for adolescent health been costed?

Periodic reviews of maternal, newborn, and child health programmes

S14 Have the country conducted specific national programme review process for MNCAH in past 2 years?
If yes,

S14a Does it cover maternal health

S14b Does it cover newborn health

S14c Does it cover child health

S14d Does it cover adolescent health

S14e When did the last programme review take place
Year

S14f Are the findings & recommendations of specific MNCH programme reviews taken into account during national health sector reviews?

G5i Does the country have a national RMMNCH scorecard?
If yes, how often are the RMMNCH scorecards released
Quarterly and timely
Quarterly but delayed
Half yearly
Rarely

5. B. Implementation of the Integrated Management of Childhood Illness (IMCI) strategy

S15 Does the country implement the Integrated Management of Childhood Illness (IMCI) strategy?
If yes,

S15a are all the districts (or equivalent administrative areas) of the country targets for IMCI implementation in first-level health facilities?
If no,

S15b how many districts are targets for IMCI?
Number

S15c Number of districts having initiated IMCI training for first-level health workers

S15d Proportion of first-level health facilities with at least one health worker who cares for children trained in IMCI
Percentage

OR
S15e  Proportion of first-level health facilities with at least 60% of health workers who care for children trained in IMCI

S15f  Year of data (IMCI implementation across districts reported above)

S15g  Does the national Integrated Management of Childhood Illness (IMCI) clinical guidelines include the first week of life?

Types of disaggregated data captured by the national Health Information System (HIS)

S16  Is the data presented in the national HIS disaggregated by age?

If yes, is the age disaggregated data available for the following age groups?

S16a  10-14 years

S16b  15-19 years

S16c  10-19 Years

Community involvement in national maternal newborn and child health programmes

Is there a national policy/strategy to ensure engagement of civil society organization representatives in national level planning of MNCAH programmes

G11a

Is there a national policy/strategy to ensure engagement of civil society organization representatives in periodic review of national programmes for MNCAH

**Discharge after birth for mother and newborn policy**

M17 **Ergometrine**
- Year of adoption of the policy?
  - Yes
  - No
  - Unknown

M18 **Misoprostol**
- Year of adoption of the policy?
  - Yes
  - No
  - Unknown

**Postnatal care for mother and newborn policy**

M19 Is there a national policy on discharge of mother and the baby after normal childbirth at facility?
- Yes
- No
- Unknown

M20 If yes, after how many hours?
- Within 24 hours
- After 24 hours
- After 48 hours

M21 Year of adoption of the policy?
- Yes
- No
- Unknown

M22 Year of adoption of the policy?
- Yes
- No
- Unknown

M23 Is there a policy recommending postnatal follow up contacts (visits/reviews) by a trained provider for mother and newborn?
- Yes
- No
- Unknown

M24 If yes, does it recommend, in case of birth in a health facility, that postnatal care should be received for at least 24 hours after birth?
- Yes
- No
- Unknown

M25 Does it recommend, in case of birth at home, that first postnatal contact should be as early as possible within 24 hours of birth?
- Yes
- No
- Unknown

M26 Does it recommend a minimum number of additional (= after 24 hours of birth) contacts (visits/reviews)?
- Yes, at least one
- Yes, at least two
- Yes, at least three or more
- Yes, more than three
- No
- Unknown

M27 Does it specify that at least one of the recommended contacts should be a home visit?
- Yes
- No
- Unknown

M28 Does it specify if the contacts are for mother and/or newborn?
- Yes
- No
- Unknown

M29 Does it describe who should provide care during the contact(s) by whom is it done:
  - Health professional
  - Community Health Worker (CHW)
  - Unknown

M30 Year of adoption of the policy?
- Yes
- No
- Unknown
M32 Does the country have national guidelines for postnatal home visits by a trained provider to mothers and/or newborns in the first week after childbirth ("postnatal visits")?
   If yes, 
M33 year of adoption of the guidelines? 
M34 Is there a national policy on special care for Low Birth Weight newborns? 
M35 Is there a national policy that recommends Kangaroo Mother Care for low birth weight newborns? 

Health personnel tasks and responsibilities during childbirth

2. Essential Drugs List for Maternal and Newborn Health

Does national Essential Drugs List include the following drugs indicated for use during pregnancy, childbirth and postpartum care? 

M37A Magnesium Sulphate 
M37B Oxytocin 
M37C Misoprostol tablets 
M37D Ampicillin or amoxicillin injections 
M37E Gentamycin injection
M37F Injection metronidazole
M37G Procaine penicillin injection
M37H Dexamethasone injection
M37I Antenatal corticosteroids
M37J Chlorhexidine

2. b Standard Supply and Equipment List for Maternal and Newborn Health

Are the following supply equipments included in the official MOH standard supply and equipment list?

Yes, No Unknown

M38A Manual Vacuum Aspirator
M38B Ventouse/Forceps
M38C Partograph
M38D Self-inflating bag (newborn size) with pediatric masks of different size and valve
M38E Suction pump, catheter, and suction bulb
M38F Oxygen supply

3. Notification and reviews of maternal and neonatal deaths

3a. Maternal deaths

M39A Is there a national policy requiring all maternal deaths to be notified within 24h to a central authority?
Yes, No Unknown

If yes,
M39B1 What year was the policy adopted? Year
M39B2 Does the system require zero reporting? (Zero reporting implies reporting as zero if there is no maternal deaths during the reference period in health administration unit) Yes, No Unknown

M39C Does national policy requires all maternal deaths to be reviewed?
Yes, No Unknown

If yes,
M39D What year was the policy adopted? Year
M39E Is there a facility maternal death review (audit) process in place? Yes, No Unknown
M39F Is there a community maternal death review (audit) process in place? Yes, No Unknown

M39G Is there a national panel (committee) to review maternal deaths in place? Yes, No Unknown
M39H How often does the panel meet?

1-Monthly
2-Quarterly
3-Annually
4-Rarely
8-unknown

M39I When did the panel meet last?

M39J Is there a subnational panel (committee) to review maternal deaths in place?

Yes,  No  Unknown

3b. Stillbirths

M40A Is there a policy that requires all stillbirths (fresh or macerated) to be reviewed?

Yes,  No  Unknown

If yes,

M40B What year was the policy adopted?

Year

M40C Is there a facility stillbirth review (audit) process in place?

Yes,  No  Unknown

3c Neonatal deaths

M41A Is there a policy that requires all neonatal deaths (0-28 days) to be reviewed?

Yes,  No  Unknown

If yes,

M41B What year was the policy adopted?

Year

M41C Is there a facility neonatal deaths review (audit) process in place?

Yes,  No  Unknown

M41D Is there a community neonatal death review (audit) process in place?

Yes,  No  Unknown
**MNCAH Policy Indicator Survey (2016): Section on Child Health**

**National guidelines for management of childhood illness**

C1 Has the country updated the national Integrated Management of Childhood Illness (IMCI) guidelines based on the 2014 WHO Generic Guidelines?

- Yes
- No
- Unknown

C2 If no, which year was the national IMCI guidelines last updated

- Year

C3 Has the country updated the pneumonia guidelines to treat chest in drawing at first level health facilities with oral antibiotics

- Yes
- No
- Unknown

**Policies and Guidelines for Child Health (Diarrhoea/ pneumonia/malaria)**

**National policy/guidelines on pneumonia case management in communities by trained provider**

C5 Does the country have a policy recommending management of pneumonia in the community or at home by a trained provider?

- Yes
- No
- Unknown

If yes,

C5 Please specify who are the trained providers

1-Paid Community Health Worker
2-Unpaid Community Health Worker
3-Mix of paid and unpaid CHWs
8-unknown

C6 Year of adoption of the policy?

- Year

C8 Does the country have national guidelines on management of pneumonia in the community or at home by a trained provider?

- Yes
- No
- Unknown

**National policy/guidelines on diarrhoea case management**

C9 Does the country have a national policy recommending the use of both low osmolarity Oral Rehydration Salts (ORS) and Zinc for management of diarrhoea?

- Yes
- No
- Unknown

C10 Does the country have a national policy recommending the use of Zinc for the management of diarrhoea?

- Yes
- No
- Unknown

C11 Does the country have national guidelines on the use of low osmolarity ORS?

- Yes
- No
- Unknown

C12 Does the country have national guidelines on the use of Zinc for the management of diarrhoea?

- Yes
- No
- Unknown

**National policy on integrated community case management of childhood illness**

Does the country have a national policy/policy statement on the use of community-based health providers to deliver one or more of the following child health interventions at home and/or in the community?

C13 - Home/community management of diarrhoea

- Yes
- No
- Unknown, Not applicable
C14  home/community management of pneumonia

C15  home/community management of malaria

If yes, please specify who are the community-based providers

C16 1-Paid Community Health Worker
     2-Unpaid Community Health Worker
     3-Mix of paid and unpaid CHWs
     8-unknown

C17 please specify whether the same provider can deliver one or more interventions (pneumonia, diarrhoea, malaria)

C18 please specify whether the community-based providers are trained in management of pneumonia, diarrhoea, and malaria cases in an integrated manner (during the same training workshop)

C18 1-Integrated trainings for all CHWs
     2-Integrated trainings for some but not all
     3-Separate trainings for each programme
     4-Separate trainings but plans to integrate
     8-unknown

Commodities related to treatment of diarrhoea and pneumonia in the national essential drugs list

Does the national Essential Drugs list include the following drugs indicated for use in children <5 years:

C19A Oral rehydration salts (low osmolarity ORS)

C19B Zinc tablets or syrups

C19C Paediatric formulation of amoxicillin

C19D Paediatric formulation of co-trimoxazol

C19E Oxygen for therapy (GAPP related)

C19F Rotavirus vaccination

Quality of child health care services

Has the country updated the hospital care guidelines based on the 2013 edition of the WHO’s Pocket book for hospital care for children

C20 Yes, No Unknown
## MNCAH Policy Indicator Survey (2016): Section on Adolescent Health

### Existence of national policy/strategy documents specific to the health of adolescents

Does the country have national policy/strategy documents specific to adolescents or young people (10-24 years) or are adolescents or young people cited as a specific target group for defined interventions/activities in a national policy/strategy document for the following health issues?

<table>
<thead>
<tr>
<th>Issue</th>
<th>Answering options</th>
</tr>
</thead>
<tbody>
<tr>
<td>A1 Sexual and Reproductive Health including adolescent pregnancy prevention</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A2 HIV/AIDS</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A3 Nutrition</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A4 Diet and physical activity</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A5 Tobacco</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A6 Alcohol</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A7 Substance use</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A8 Mental Health</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A9 Injury prevention</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
<tr>
<td>A10 Violence</td>
<td>Yes, No, Policy/strategy doc does not exist, Unknown</td>
</tr>
</tbody>
</table>

### The country has a functional national adolescent health programme

<table>
<thead>
<tr>
<th>Issue</th>
<th>Answering options</th>
</tr>
</thead>
<tbody>
<tr>
<td>A11 Has budget been allocated to support activities planned for adolescent health?</td>
<td>Yes, No, Unknown</td>
</tr>
<tr>
<td>A12 Is there a record/report of activities implemented in the past financial year?</td>
<td>Yes, No, Unknown</td>
</tr>
</tbody>
</table>
The country has national standards for delivery of health services to young people

Are there national standards for delivery of health services specifically for young people (ages 10-24)?

If yes, do these standards include the following:

A clearly defined comprehensive package of health services?

Within the past 2 years, have quality and coverage measurement surveys been conducted to monitor the implementation of these adolescent health standards?

Is there a continuous professional education system in place for primary health-care clinicians and/or nurses to receive adolescent-specific training?

Provisions are made in laws or regulations legally allowing minors to consent to medical interventions

(In law, the term minor is used to refer to a person who is under the age in which one legally assumes adulthood and is legally granted rights afforded to adults in society. Depending on the jurisdiction and application, this age may vary, but is usually marked at either 18, 20, or 21)

What is the legal age of majority in the country? Report age in years

For unmarried adolescents, does the country have laws or regulations that allow underage (minor) adolescents to provide consent to the following services without parental consent? If yes, at what age?

Contraceptive services except sterilization?

If yes, at what age?

Emergency contraception?

If yes, at what age?

HIV testing and counseling services?

If yes, at what age?

Harm reduction interventions for Injecting Drug Users (needle exchange, opiate substitution, therapy)

If yes, at what age?

HIV care and treatment

If yes, at what age?

For married adolescents, does the country have laws or regulations that allow married and underage (minor) adolescents to provide consent to the following services without spousal consent?

If yes, at what age?
A29  Contraceptive services except sterilization?  Yes, No Unknown
A39  Emergency contraception? Yes, No Unknown
A31  HIV testing and counseling services? Yes, No Unknown
A32  HIV care and treatment? Yes, No Unknown
A33  Harm reduction interventions for Injecting Drug Users (needle exchange, opiate substitution, therapy)

**Availability of nationally representative data on health outcomes in adolescents**

8.B.1  Do you have a national estimate of all-cause mortality rate in adolescents? Yes, No Unknown

  If yes, provide the latest year for which the estimate is available?

8.B.2  Do you have a national estimate of main causes of death in adolescents? Yes, No Unknown

  If yes, provide the latest year for which the estimate is available?

8.B.3  Do you have a national estimate of main causes of morbidity in adolescents? Yes, No Unknown

  If yes, provide the latest year for which the estimate is available?

## MNCAH Policy Indicator Survey (2016): Financing of MNCAH services

### 3. Financial Protection for Maternal, Newborn, Child, and Adolescent Health Services

**F1** Are there fees for health services in the public sector?

- **Yes**
- **No**
- **Unknown**

If yes, Financial protection for women and newborns

**F2** Are women in reproductive age (15-49) exempt from user fees for the following services:

- **F2a** Family planning?
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2b** Antenatal care?
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2c** Childbirth (normal delivery)?
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2d** Postnatal care for mother?
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2e** Caesarean section?
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2f** Insecticide treated bednets?
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2g** Pharmaceutical products and/or other medical supplies if required for treatment or delivery
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

- **F2h** Immunization services (TT, Rubella)
  - Yes, for all women
  - Yes, for selected population groups
  - No
  - Unknown

**F3** Are newborns (0-4 weeks) exempt from user fees for the following services:

- **F3a** Postnatal care?
  - Yes, for all newborns
  - Yes, for selected population groups
  - No
  - Unknown

- **F3b** Immunization?
  - Yes, for all newborns
